

of good experience besides  
the school training which will  
always be a help. Mr W  
ranks very high as a Photographer  
& it means a lot to say you a  
student in his school. You  
probably have my other letter by  
this time & I hope you haven't  
wondered about the mumps. They are  
all over & done for & I feel as good  
as ever. I think it was lucky  
they came on both sides at once don't you?  
D & I are going to the Band-Box for  
dinner tonight. It's a tiny little place  
on Amsterdam Ave.

Love as always

Dear Carrie

Monday Eve.

Got & answered your telegram  
about 1 hr ago and I am  
sorry you were worried. I was  
awfully miserable with the  
aforementioned mumps and just did  
not realize how many days I let  
slip by and of course I wanted to be  
able to say I felt fine when I did write.  
If anything serious ever did happen  
to me you'd be notified at once as you  
never need worry again and besides  
I'm not worth it. I never felt as  
much like I'd committed murder in my  
life as when I read it. I am entirely  
well now was at school all day  
to-day. I had an awfully nice doctor

Who told me what to do he only chg me  
\$3.00 so I felt lucky. D.O. & Miss B.  
were awfully good to me & all I did was lie  
in the apt. I slept a lot so the time  
passed quickly. I was on the point of  
sending a note letter for Mother's day but  
decided you'd appreciate a regular letter  
more & it wouldn't be so expensive. It is  
raining here now & has been bad for  
the last 5 or 6 days. I made 3 prints  
to-day for a book the students are giving  
Mr. W. We are to mount them up as  
nice as possible & fit them in ~~a book~~ it  
I have two portraits and a snow scene.

all made up in Palladium which is a  
very fine paper different & better than  
regular Artura paper it costs \$1.75 per doz  
in 5x7 size so I am very careful about how  
I use it I will send you a print so you can see  
what it's like someday. Mr. W. uses it in  
his work entirely. I sure am having a nice  
time in this apt. We do most of our own  
cooking & I don't have room rent and that  
is the thing that pleases me most. I haven't  
cashed your draft yet but am going to tomorrow  
I surely appreciate you sending it to me. I  
wish I could be home when G. & M. are  
but I will be someday. I am getting lots
